

ABA Insurance 2011

The ABA has recently signed a new insurance policy that we feel meets all the needs of our members, our executive, our affiliated clubs. We have been working with a broker for the past 16 months to “get it right” and we think we have.

The policy is through broker Eric Moland of Hub International in Edmonton. Eric is a bowhunter, an outdoor enthusiast. He represents many other outdoor organizations, hunting and fishing lodges etc.

This policy offers 3rd party liability (\$5,000,000) to all our members (NOTE – all of this type of coverage does NOT kick in until your own personal insurance coverages are exhausted). It gives Director/Officer coverage to the ABA executive, the ABAA executive, to the executive of all ABA affiliated clubs. It covers all members and non-members at any ABA or ABA affiliated club events/functions. Offers \$5,000,000 host liquor liability, personal injury coverage. An additional rider/premium can be added by each club if they have a range - this will give them “Premises” coverage in event someone gets hurt, etc at their range (even if they are a trespasser).

This policy covers all bowhunting activities, any activities involving promotion, education, demonstrations, seminars, conventions, training sessions, bowhunting mentoring and target archery demonstrations, competitions and events.

All our clubs will be issued a copy of the policy upon renewal of their affiliation to the ABA (NOTE – your club and its members will not be covered if they are not affiliated with ABA so it is important to re-affiliate asap at the start of the New Year. All 2010 clubs were emailed about this condition December 24, 2010).

If anyone would like a copy of the policy, just let me know and I'll send you one.

Brent -- 2010 ABA President (bcwatson@telusplanet.net)
